35.111-35.117, 35.131, 35.141-35.146, 35.161-35.163, 35.171, 35.172, 35.181-35.186,

The Texas Department of Public Safety (DPS) adopts new Chapter 35, Sections 35.1, 35.11-35.14, 35.31-35.40, 35.51, 35.61-35.75, 35.91-35.96, 35.111-35.117, 35.131, 35.141-35.146, 35.161-35.163, 35.171, 35.172, 35.181-35.186, 35.201-35.205, 35.221, 35.222, 35.241, 35.251-35.268, 35.281, 35.291, and 35.301, concerning Private Security, without changes to the proposed text as published in the July 9, 2004, issue of the Texas Register (29 TexReg 6583-6605). Section 35.231 and Section 35.232 are adopted with changes and will be republished.

Adoption of the new sections is necessary in order to implement the transfer of administration of the Texas Private Security Board to the DPS as provided by Tex. H.B. 28, 78th Leg., 3rd C.S. (2003). The new sections promulgate the rules and regulations of the Texas Private Security Board under the Texas Administrative Code part that is dedicated to the DPS.

House Bill 28 provides that DPS shall administer the private security law through the Texas Private Security Board. In order to assume administration responsibilities, DPS is transferring the administrative regulations for private security from the current location in Title 22 of the Texas Administrative Code to the rules section of DPS contained in Title 37 of the Texas Administrative Code. The new rules as adopted are substantially the same as the rules provided in Title 22. However, the new rules substitute statutorily repealed terms such as "Private Security Commission" with the new references to the "Private Security Board." Other terms have also been changed to conform the rules to the new law. Also, the new rules do not include redundant or obsolete provisions that were contained in Title 22 but are also contained in other parts of DPS regulations contained in Title 37. Examples of provisions that will not be readopted are provisions for rulemaking and petitioning for rulemaking. Finally, the new rules provide for adoption of certain fees in order to implement TexasOnline requirements.

In the new chapter: Section 35.1, Definitions, provides definitions for the new rules. Section 35.11, Fraudulent Application Prohibited, explains that fraudulent applications are government documents and that a fraudulent application is a criminal offense. Section 35.12, Permitting or Allowing Violations, prohibits any person who has applied for or been issued a license, registration, security officer commission, instructor approval, school approval, or letter of authority, from knowingly permitting or allowing any person to violate a provision of the Act, rule, or any criminal statute. The board shall not accept a complaint against a licensee or an employee if the complaint is filed more than two years after the alleged violation date, except in matters that relate to conviction for a Class B offense or greater or a material misstatement in an application. Section 35.32, Date of Licensing, Certification or Acknowledgement, provides that if an application or written notification is required, the date of licensing, certification, or acknowledgment by the board will be either the receipt date or the date the complete application or written notification is accepted for processing, whichever is later. The department received one comment regarding Section 35.231 and Section 35.232. The comment was received from the TexasOnline Authority (TA). TA's comment as well as the department's response thereto is summarized below.

COMMENT: The TexasOnline Authority (TA) requested changes to proposed rules 35.231 and 35.232 to clarify the difference between company and individual license fees and to bring the fees in line with the amounts approved by the TA. The TA commented that distinguishing between company and individual license fees is important because company licenses are renewed each year while individual licenses are renewed every two years.

RESPONSE: The department agrees with the comment made by TA and has made the necessary changes to Section 35.231 and Section 35.232 based on this comment. The fees included in the proposed rules were based on earlier estimates and differ from the fees finally approved by the TA. The department also agrees that it would provide clarification to the regulated industry to differentiate between the company and individual license fees.

The new sections are adopted pursuant to Texas Government Code, Section 411.004(3), which authorizes the Public Safety Commission to adopt rules considered necessary for carrying out the department's work; Texas Occupations Code, Section 1702.005, which provides that the department shall administer Chapter 1702 through the Texas Private Security Board; Texas Occupations Code, Section 1702.061, which provides for the adoption of rules and general policies; Texas Occupations Code, Section 1702.062, which provides that reasonable and necessary fees may be established by rule to produce sufficient revenue to administer the chapter; and Tex. H.B. 1, 78th Leg., R.S. (2003), art. VIII, Section 4 and art. IX, Section 11.20.

This agency hereby certifies that the adoption has been reviewed by legal counsel and found to be a valid exercise of the agency's legal authority.

The effective date of the rules is 20 days after the rules are filed with the Texas Register Division, Office of the Secretary of State.

This order constitutes the order of the Commission required by the Administrative Procedures Act, Government Code, Section 2001.033.

Public Safety Commission

TEXAS DEPARTMENT OF PUBLIC SAFETY
ORDER ADOPTING A RULE

On September 28, 2004, the Public Safety Commission (Commission) by majority vote approved rules concerning:

Private Security
Title 37 T.A.C. Part I, Chapter 35
Subchapter U
Section Numbers 35.311 and 35.312

The Texas Department of Public Safety adopts new Subchapter U, Section 35.311 and Section 35.312, concerning Locksmith, without changes to the proposed text as published in the August 27, 2004, issue of the Texas Register (29 TexReg 8257).

Adoption of the sections is necessary due to the passage of amendments to Texas Occupations Code, Chapter 1702, by Tex. S.B. 1252, 78th Leg., R.S. (2003).

New Section 35.311 provides an exemption from licensing as a locksmith or locksmith company for owners and employees of retail establishments, open to the public, that sell mechanical security devices and servicing of the product, as well as those that duplicate keys in the establishment, that are sold by the retail establishment.

New Section 35.312 provides a definition of "mechanical security devices" as that term applies to the proposed exemption from licensing as a locksmith or locksmith company for retail establishments that sell or service mechanical security devices.
