TEXAS DEPARTMENT OF PUBLIC SAFETY  
ORDER ADOPTING A RULE

On April 17, 2013, the Public Safety Commission (the commission) by majority vote approved rules concerning:

Controlled Substances  
Title 37 T.A.C. Part I, Chapter 13  
Subchapter F  
Sections 13.131 – 13.137

The Texas Department of Public Safety (the department) adopts the repeal of Sections 13.131 – 13.137, concerning Application. This repeal is adopted without changes to the proposed text as published in the March 8, 2013 issue of the *Texas Register* (38 TexReg 1670) and will not be republished.

The repeal of this subchapter is necessary to reorganize and consolidate the rules governing the application requirements and procedures for registration under the Controlled Substances Act, Texas Health and Safety Code Chapter 481 and to generally improve the clarity of the related rules.

No comments were received regarding the adoption of this repeal.

The repeal is adopted pursuant to Texas Government Code, Section 411.004(3), which authorizes the Public Safety Commission to adopt rules considered necessary for carrying out the department's work and Texas Health and Safety Code, Section 481.003, which authorizes the department to adopt rules to enforce Chapter 481 of the Texas Health and Safety Code.

This agency hereby certifies that the adoption has been reviewed by legal counsel and found to be a valid exercise of the agency's legal authority.

The effective date of the rules is 20 days after the rules are filed with the Texas Register Division, Office of the Secretary of State.

This order constitutes the order of the commission required by the Administrative Procedures Act, Government Code, Section 2001.033.

Public Safety Commission

TEXAS DEPARTMENT OF PUBLIC SAFETY  
ORDER ADOPTING A RULE

On April 17, 2013, the Public Safety Commission (the commission) by majority vote approved rules concerning:

Controlled Substances  
Title 37 T.A.C. Part I, Chapter 13  
Subchapter D  
Sections 13.71 – 13.83

The Texas Department of Public Safety (the department) adopts new Sections 13.71 – 13.83, concerning Texas Prescription Program. These new sections are adopted without changes to the proposed text as published in the March 8, 2013 issue of the *Texas Register* (38 TexReg 1667) and will not be republished.

The proposed new Subchapter D is necessary to reorganize and consolidate the rules governing the Texas Prescription Program's reporting requirements and procedures and to generally improve the clarity of the related rules.

The department accepted comment on the proposed rules through April 8, 2013. Written comments were submitted by Mary Staples representing National Association of Chain Drug Stores (NACDS). Changes were made to proposed new Section 13.75 based on the comments received by the department. Substantive comments received, as well as the department's responses, thereto, are summarized below:

**COMMENT:** Regarding Section 13.75(3), NACDS recommends the department either eliminate the requirement to report the department's "designated placeholder" for schedule II electronic prescriptions or waive the requirement to report this particular data element until twelve months after the department provides pharmacies with the appropriate default value to report for this purpose.

**RESPONSE:** The department disagrees with these recommendations. The submission of the data element at issue is a requirement of the department's prescription database software application. Waiver or elimination of the requirement would cause the system to reject the electronic submission, resulting in additional administrative burdens on the dispenser and the need for manual processing by the department. In addition, no specific data element has been established at this time. It is the department's intent to establish a "placeholder" value that will have minimal or no impact on the dispenser.

This proposal is adopted pursuant to Texas Government Code, Section 411.004(3), which authorizes the Public Safety Commission to adopt rules considered necessary for carrying out the department's work and Texas Health and Safety Code, Section 481.003, which authorizes the department to adopt rules to enforce Chapter 481 of the Texas Health and Safety Code.

This agency hereby certifies that the adoption has been reviewed by legal counsel and found to be a valid exercise of the agency's legal authority.

The effective date of the rules is 20 days after the rules are filed with the Texas Register Division, Office of the Secretary of State.

This order constitutes the order of the commission required by the Administrative Procedures Act, Government Code, Section 2001.033.
