B. Operation Strong Safety Update (0:23:53)

Director McCraw provided the following update:

On June 18, 2014, state leadership tasked the department to implement a surge operation in the Rio Grande Valley to address the significant influx of undocumented aliens including undocumented minors coming across the border. On June 23, 2014, the surge was implemented with Troopers, Agents and Rangers sustaining saturation patrols via air, ground and water.

Unaccompanied minors were not the direct issue to which the surge responded. Rather, the volume of unaccompanied minors overwhelmed Border Patrol capacity allowing cartels space in which to operate. Consequences included increased felony pursuits, stash houses, home invasions as well as the increased smuggling of humans and contraband.

The Director presented videos showing instances of pursuits, bailouts, splashdowns and home invasions. The Director discussed the use of drawbridge cameras which has proven to be a high capability/low cost technology increasing detection capacity.

Results of Operation Strong Safety (OSS) have been significant. Weekly detentions as reported by the Border Patrol exceeded 6,600 during the first week of OSS. Border Patrol reported detentions are currently below 2,000 weekly. No factor including seasonal variation explains the dramatic decreases other than the impact of the focused detection and saturation patrol implemented through the surge operation.

Chairman Leon requested another update at the December meeting.

Chairman Leon acknowledged the following individuals present at the meeting:
Heather Hill – Governor's Office
Staff from Senator Van de Putte's office
